Quick Start Guide

TOOLS - BOOKING ENGINE

Purpose

Use thispoint-and-click tool to search for flights, hotels, and cars. You can also make reservations directly from this tool.

Accessing Booking Engine

Hover over Tools and click Booking Engine.

Point-and-Click

Select Flights, Hotels, or Cars from the top menu, enter the required information, and then click Search.

Search Results

Choose and secure the option that best meets your client's specific needs and preferences.

Automatic Invoice

You don't need to manually enter your booking from this tool into TPISuitcase. The system will automatically generate a reservation invoice.
