Quick Start Guide

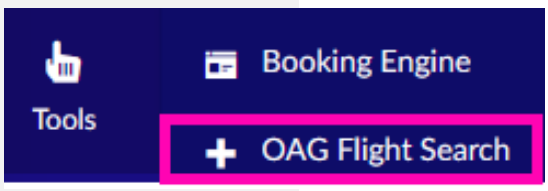

TOOLS - OAG FLIGHT SEARCH

OAG Tool

Use this tool to search for flights and add them directly to an existing reservation after they've been previously booked.

Accessing OAG

Hover over Tools and click OAG Flight Search.

Enter Details

Enter the basic flight details and click Search. The flight information results will then be displayed.

Make Your Selection

Select the result that best meets your client's flight information. Click Add to Reservation.

Add the Price

Manually add the price of the flight to the Reservation. Click Submit and then OK.
